4. The Course, Clubhouse and Surrounds

4.1. Gardens and Grass

The small group has cleared out the gardens around the clubhouse and are now replanting and mulching. Four or 5 trailer loads of waste have been removed, and 2 trailers of pavers delivered, which will be laid between the new concrete pad and the gardens beyond the office payment window.

Additionally, grass has been transplanted into the previously bare area by the new concrete pad.

Well done Jo Geoghegan, Donna Dinsdale, and Catherine Borlase for doing this, and to Luke for his assistance.

4.2. Clubhouse Repairs

In the clubhouse a section of the floor near the sliding doors needs repairing and replacing due to damage from water leaking through the doors. This seems to have been going on for some time. And – separately and unrelated - the HWC in the kitchen is to be replaced as are the outside lights. Thanks Neil R.

4.3. Practice Nets

Plans are afoot to upgrade the practice nets, which are located just past the sheds near the sand bin.

4.4. Out on the Course

Greenkeeper Luke is on leave at present so Course Convenor Brian and a few other members are doing to mowing – when the weather allows!

Cheers, David
